

Compassionate Care & Counseling, LLC

I appreciate you taking a moment out to read this. I wanted to thank-you for choosing me to provide for your counseling needs and goals. I appreciate and acknowledge the courage it takes to want to make a change, and I am delighted, honored and privileged to be working with you through this journey.

I see our clients as partners going through a difficult process who need encouragement, support and empowerment. My goal is to help you achieve an established goal through the use of Cognitive Behavioral strategies, active listening, and unconditional positive regard.

Often our clients want to share with others about their progress and success. You will have the most success by completing the goals you came to achieve. I welcome you to share your progress with others. Please know that should you choose to refer a potential client to work with me that both of your information is confidential and protected under HIPAA guidelines. Compassionate Care & Counseling does not share information with others without your consent.

I very much welcome and appreciate new clients into our practice, so I can also help them achieve the goals that matter to them most. I look forward to getting started with you at your first appointment. Should you have any questions prior to our appointment please feel free to give me a call.

Thank-you,
